WHY HARRISON TREES SUCCEED

KOSTER'S BLUE SPRUCE

FRUIT AND ORNAMENTAL NURSERY STOCK

OUR SPECIAL SERVICE

ORCHARD ADVISER: If you are contemplating planting a large orchard and need expert advice about varieties, how to plant, or information on any point that you are in doubt about, ask us to send our man to your place. We can likely arrange to have him go. We want you to have the benefit of our practical experience which has brought success to our own orchard enterprises. It might help you to avoid unnecessary (possibly fatal) mistakes. Consultation is the thing, and it is yours for the asking. When needed, we can usually supply a competent man to oversee the planting of large orchards, and for this service only a nominal charge is made in addition to the man's actual expense.

LANDSCAPE ARCHITECT: Many people have homes which need shade trees, evergreens, hedges, flowers and vines, but do not know what to choose or how to plant. We have this material of the very finest quality and where the planting needed is large enough to justify it and the distance from Berlin is not too great, we will be glad to send an expert landscape planter to lay out your grounds for you and give you his advice as to "what" and "how" to plant. Write, if interested.

DON'T PLANT WORTHLESS VARIETIES

For many years the lists, especially of peach and apple in the Nursery catalogs, have been burdened with worthless varieties. This year, we have eliminated a great many of them and you will find our list to be composed of pretty good ones throughout. Don't burden yourself with a lot of miscellaneous kinds just for the sake of having them in your orchard. **Select a few of the best kinds** and plant them exclusively. The **list of select varieties** as shown on page 3 will possibly be of some help to you. If you will write us, we will be glad to go into the matter fully and to help you select the profitable varieties that will succeed in your section.

COMPLETE PRICE LIST OF ALL TREES AND PLANTS

A SELECT LIST OF VARIETIES

We call attention to the varieties listed on this page. They are good ones, and we have a large quantity of fine stock.

APPLES:—

HOW TO GROW AND MARKET FRUIT

A BRAND NEW, thoroughly practical guide book for master growers or beginners. Covers soil handling, planting and feeding trees, frost damage, spraying, pruning, thinning, varieties, packing, marketing and other essentials. Brief, to the point, but complete; progressive, but thoroughly reliable. Endorsed by twenty of this country's foremost fruit men. Strongly bound, nearly 100 pages, 24 pages of pictures that show how. A book to keep. Price only 50 cents—and that amount rebated to you when you send us a $5.00 order.

PROFITABLE EASTERN SHORE FARMS

The richest, most profitable land in this country lies on the Eastern Shore of Maryland, Delaware and Virginia. The soil is deep, loose, fertile. The climate is ideal, seldom any zero weather, drouths never damage us as much as elsewhere. You can grow fruit to perfection, and raise all kinds of vegetables and grain, stock and poultry. You can sell everything you grow right at your railroad station for highest market prices. If you want to ship, the country's highest priced markets are only a few hours away by rail. Some of these money-making farms are for sale for little money. Write for particulars, and tell us what kind of a farm you are looking for.

CALIFORNIA PRIVET

California Privet (*Ligustrum ovalifolium*). Decidedly the most popular hedge plant, forming beautiful, symmetrical, live fences of great density. We have grown Privet for a good many years, have grown millions of plants, and the longer we grow it the better we like it. Untrimmed it grows from 8 to 12 feet high; it has attractive, glossy dark green foliage, which is not subject to insect attacks. It will stand pruning to any extent and becomes compact and solid.

VISIT US AT BERLIN

Come to Berlin for a few days' visit. We will show you our nurseries and our orchards and our methods of growing trees and of growing fruit. Do you know that we own or control over three hundred thousand bearing fruit trees? Think what it will be worth to you to know all about the methods we use in these orchards, and how we make them pay. Berlin is on the Eastern Shore of Maryland. Come on the Pennsylvania Railroad from Philadelphia, or by boat and railroad (B. C. & A.) from Baltimore.

WE WILL PAY YOUR HOTEL BILL IN BERLIN DURING YOUR STAY
